

# Catherine Mah

---

**Objective:** To obtain a part-time job using my past experiences, leadership personality, and interpersonal skills.

## SKILLS

### Patient

When working with others through school and volunteer work, it has taught me to be patient with others when doing things – especially kids and older people who take longer to process thoughts and execute.

### Leadership

Being a leader not only means directing people to doing something. It also means that they inspire others, are committed, and honest. All these traits are things I personally possess.

### Foregin Language

I have basic fluency and knowledge of Spanish, Mandarin, and Burmese.

## EXPERIENCE

### Fallon4Change, Fallon Middle School – President

In this club, we held fundraisers to raise money for many non-profit organizations such as the SPCA, St. Rose Catholic School during the fires, the Greater Houston Community Foundation, and more.

### Fall Festival, John Green Elementary – Volunteer

As a volunteer for this event, we had to communicate and encourage kids to do their best when playing carnival games.

### Splatter, Dublin, CA – Volunteer

Splatter allowed me to work with all sorts of people in different age groups. It has also helped me learn how to speak to people if they don't exactly understand what I am trying to convey to them.

## EDUCATION

### Dublin High School

August 2019 – June 2023, Dublin, CA

I attended Dublin High School located in Dublin, CA to complete my studies as a highschooler to earn my High School Diploma.
